

Bulk loading in the Bay

Commemorating the MV Alcmene's maiden voyage to Richards Bay last week were Sergey Ananyev (Chief Officer), Roelof Camminga (Island View Shipping), Captain Wladyslaw Janusz and Axel Krumhoff (Island View Shipping). The vessel, built in 2009, is 196.3m in length and has a beam (breadth) of 32.32m. The ship loaded Ferrochrome, Pig Iron, Titanium Flags and Nickle Concentrate. The bulk shipment of 51 600 metric tons is bound for Rotterdam
